FROM PUGET SOUND.

OLYMPIA, Aug 18, 1867.

The steamer *Diana* arrived from Victoria Sunday morning, bringing Gov Moore and family and J Ross Browne Mr Browne (everybody knows Browne) is engaged in the Government service collecting statistics of the country, its resources and advantages He called at Port Townsend—a place made notorious by him from a former visit—and survives Probably his old foes were annihilated! A warning to all poor miserable sinners

Word has been received from the surveying party of Mr Hurd, up the Snoqualmie, and everything favorable

Some of the members of a scientific party, who attempted to ascend Mt Baker last year, and were turned back by the "cadaverous" of the Seagit Indians have gone again to ascertain the bleak and barrenness of that mountain Parties have gone to explore every peak except Mt Rainier, which, from its rugged appearance looks as formidable as any and of course, just as important

Mr H D Cook, with his family, left this city a few days ago for the Yakima country, via the Nuchas Pass, where he proposes to locate Mr Cook took with him about 200 head ranch cattle.

Mr J Summers has been prospecting on some of the tributaries of the Cholahis, returned, and has gone the sea and time

It is reported the Indians have interfered with United States Deputy Surveyor Meeker on White river, in surveying the public lands, and threatened to stop him altogether This trouble is in the region of the massacre of 1855 where the Indians have always been ill natured At that time the Government had a garrison at Muckle shoot; and the land for a mile square, was given as a reservation when the war ended The Indians, however, have always claimed six miles square The surveying, or a portion of it, is on the lands which the Indians claim outside of the reservation, hence the trouble It is urged on good grounds, that troops should be returned at Fort Steilacoom, for the reason that open war may be commenced upon the citizens at any time It is a little matter that the Indian Department and military authorities should both be looking after

A very severe thunder storm occurred on Tuesday night, knocking the fir trees "galley-west" and scattering itself around promiscuously Two horses belonging to Abijah O Neil, of Yobin Prairie, were struck, killing one and badly injured the other

The *Tribune* says

The display of electricity during the storm on Tuesday evening was heavier a few miles north than in this vicinity. A letter from Puyallup river states that the instrument in the telegraph office was burned so badly as to refuse duty, a large fir tree was shattered, as also several telegraph poles, and the line was melted and broken in several places An electrician informs us that he never but once before heard of electricity in sufficient quantity to melt telegraph wire, and it is the first instance in this Territory of injury to instruments by lightning

The *Message* says the following vessels are in course of construction on the Sound

At Port Madison, Messrs Meigs & Gawley are constructing a vessel that will have a capacity for carrying 600,000 feet of lumber We understand she is built after the style of that exquisitely modeled vessel, the *W H Gawley* Her dimensions are as follows Length of keel, 134 feet; length over all, 150 feet, breadth of beam, 34 feet, depth of hold, 25 feet. She will be rigged as a barkentino.

At Port Orchard, another vessel is in course of construction, being built by Capt Gliddon, of San Francisco She is rigged as a barkentine, and is designed for the lumber trade Her dimensions are as follows 130 feet length of keel, 31 feet breadth of beam, 10½ of hold

We are informed that Mr Williamson, of Steilacoom, is constructing a vessel to be rigged as a three-masted schooner, and is 120 feet on the keel

Calhoun Bro's are are also constructing a large schooner at the head of this bay, which we noticed at some length three weeks since, making the fourth deep water vessel that is now in process of building on the Sound

The Happy Family

Just to show how comfortably the amicable and happy Democratic family are getting on together we give place to Abbott's last article on his friend Borlah

Within the last nine months, on three or four different occasions, without any adequate cause or provocation on our part, the *Oregon Herald* has misrepresented and villified the editor of the *Democrat* The last attack of this character appeared in the *Herald* of the ninth instant Thus far, in every instance except one, we let these attacks pass unnoticed We did this, not because we feared the *Herald* at all but solely for the good and harmony of the Democratic party Little did we think, when we were editing the *Herald*, and wrote to its present editor to come to Portland and become associated with us—little did we think when we received him with all the cordiality and warmth of a brother—that his hand would ever be raised against us and that he would employ the columns of the *Herald* in misrepresenting, defaming and villifying us generally But such is the fact, and we are thereby forcibly reminded of the man who, in the exuberance of his kindness, placed a tumbrel viper in his bosom, which, as soon as it was again fairly warmed into life, struck its poisoned fangs into the very life blood of his benefactor

There are many things in the life of a political editor which are very pleasant and agreeable, but like other wordly things, there are some other things incident to it, productive of any other rather than pleasurable emotions Among these is the fact that its labors are incessant, and another is, that no matter what an editor's circumstances and surroundings—no matter how heavily the hand of affliction may have been laid upon him, he is liable to attacks from those who, like the jackal and hyena, become more ferocious as they scent the sacred precincts of the grave

The base ingrate of the *Herald* finds fault with us, in an article of more than a column in length, because we presumed to express our disapprobation of some of the action of the late Umatilla Convention We charged that that Convention was governed too much by a hesitating policy dodge, and that they feared to express their views boldly on all the vital questions now agitating the country The Mephistopheles of the *Herald* hereupon reads us a lecture in which he consolusively shows, to his own satisfaction that he is the very embodiment of moderation and wisdom, and that we are a sort of ferocious knight errant, running a tilt against anything and everything that looms up in the distance It is not our intention to reply to the uncalled for flings and remarks of the *Herald*, because we can be better and more profitably employed We simply say that we shall continue to express our views, in the future, just as we have in time past—the *Herald* to the contrary notwithstanding In our article on the Umatilla Convention we not only expressed our own views, but those of an overwhelming majority of the Democracy of this section of Oregon, and if the *Herald* would be Dictator don't like our views let him help himself

We have been somewhat puzzled to divine the cause of these repeated attacks of the *Herald* on the *Democ

THURSDAY MORNING, AUGUST 22 1867.

Postal Expenses and Receipts in Oregon.

Though there are frequent complaints of the inefficiency and inadequateness of the mail service in Oregon, yet when the disparity between postal receipts and expenses in the State is considered, the Government can hardly be charged with an utter indifference to our interests in the matter of providing mail facilities for our people. While we feel that a regard for our convenience would require a more extensive service than we have yet been favored with, we should not hesitate to acknowledge that the Government has already done well by us in this respect, as will appear when it is considered that the receipts of the Department from this State are less than one-tenth of its expenditures in providing Oregon with mails. By the last annual report of the Postmaster General, it appears that the expenses of the postal service in Oregon for the year ending with June, 1866, were as follows:

Compensation to Postmasters and incidental expenses of Post Offices	$ 9,018 49
Cost of mail service	222,982 66 $232,001 15

From the same authority the following statement of receipts is compiled:

From letter postage	$ 1,263 60
From newspaper postage	2,386 68
From registered letters	106 40
From stamps and envelopes sold	17,851 30
From box rents and other emoluments	1,792 58 $23,000 68
Net of expenses over receipts	$208,910 47

The entire receipts and expenses of the Postoffice Department have for some years nearly balanced each other. Oregon, like all our new States, is therefore largely a debtor on this score to the Government. Of course it cannot be expected that in a State like Oregon the amount of receipts will approach the aggregate of expenditures, nor does the Department act on this illiberal principle. But there are other causes besides the mere length of the routes and the sparseness of the population which contribute to swell the disparity between the expenses and receipts in this State. The service costs vastly more than it would if contractors could rely on having good roads, especially on the principal routes. But it is notorious that Oregon roads in winter, if not the worst in the world, are about equal to the worst; and whoever starts in that season to cross the State from its northern to its southern boundary has before him

> A gulf profound as that Serbonian bog
> Betwixt Damiata and Mount Casius old,
> Where armies whole have sunk.

We cannot rely on the Government to make roads for us, but must make them for ourselves. The method which has heretofore been pursued in making and repairing roads in Oregon has produced no good results, and there are now no roads in the State except some short pieces built by private enterprise, which are in good condition in the winter season. A different method of doing road work should be introduced in every district. The principal thoroughfares should receive most attention, and every year a piece of good and durable road should be built. By adopting this plan, instead of expending the labor upon a great length of road with little benefit to any part of it, good roads might be gradually obtained. If we had them, a large part of the money which is expended in carrying our mails under present arrangements might be saved on contracts now in force, and expended in extending the postal service to places within the State where it is greatly needed.

The tolls, farriages, etc., which are paid on routes through Oregon form a very considerable item in the cost of carrying the mails. This is particularly the case on the route of the great daily mail from Portland to California. The charges of this sort on the route mentioned amount to a less than ten or twelve thousand dollars in coin, annually. It is gratifying to know that much has been done throughout the State within the last two or three years in the way of buying up toll bridges on small streams and throwing them open to the public; and undoubtedly more could yet be done in that direction with positive advantage to the country. Travel to and fro should be as little restricted as possible. People can afford to pay tolls on good roads; but to be taxed for the privilege of floundering through the mud, or at the crossing of every petty stream, is a nuisance which the counties, if mindful of their true interests, will abate as fast as practicable.

Sheridan and Thomas.

General Sheridan has at last been removed from the command of the Fifth Military District. While there is no loyal man who will not regret to learn of Sheridan's removal from a position which he has filled so ably and so greatly to the satisfaction of the country, all who desire to see reconstruction speedily consummated on the basis of loyalty and equal rights will rejoice that Sheridan's successor is General George H. Thomas, the man who above all others in the army, Sheridan perhaps excepted, is most fit for the position. General Thomas has the full confidence of the country, and as the removal of Sheridan had been decided upon, he is the man whom the united voice of the Northern people would have named for the command. The hand of General Grant is plainly in the business, and as the President was determined to remove Sheridan, Grant evidently exerted himself to secure the appointment of Thomas. There is no reason to fear that the interests of the country or of the loyal men of the Southwest will suffer in the hands of "Old Chickamauga." Sheridan's measures are to continue in force, and if the rebels imagine that they have in Thomas a man who will hesitate to show himself their master, it will not take the old Virginia patriot long to undeceive them.

It was held by Alexander Hamilton and the Federalists generally that a decision of the Supreme Court was binding not only upon the parties to the particular suit, but also upon the executive and legislative departments of the Government. Thomas Jefferson and the Democrats, held a decision of the Supreme Court concluded only the parties to the suit in which judgment was rendered. There was a manifest deduction from the principle that each department, in its proper sphere is independent of the other. Martin Van Buren, in his History of Political Parties, explains, with his characteristic slyness, that it was only when the Democrats elected a President who was originally a Federalist, and appointed a Chief Justice of the same antecedents, that any other doctrine took root in their ranks.

The London *Spectator* says that the same Tory enthusiasts who complain bitterly because Burke, the Fenian, is not hanged, will license Jeff Davis, "the man who is responsible for the most unprovoked, wicked and murderous war of which history makes mention."

QUICK TIME.—The Idaho *World* of the 14th has the following:

Under the management of John Halley, on the Boise City and Umatilla stage line, fast time is being made. And Henry Greathouse well holds up his end of the line between Boise and this city. We now receive the Portland papers in five days from that city, and from them gather fuller, better, and equally late telegraphic dispatches than by the Salt Lake City papers.

PRINCE OF WALES.—A recent number of a London satirical paper has a cartoon representing the Prince of Wales as Hamlet struggling with John Bull, who, as Horatio, is holding him back from pursuing the ghost of George IV., to whom the Prince is saying, "I'll follow thee!" The inference is obvious.

BILLIARDS.—Billiard tables are becoming to be used in the British army, $300,000 in gold having recently been appropriated by Parliament to supply these tables to the army officers in the various barracks throughout the world.

[DISPATCHES TO THE OREGONIAN.]

DATES TO AUGUST 20.

Washington News.

NEW YORK, Aug. 19.—The *Times'* special publishes the correspondence of General Grant with the Department Commanders, in which the former affirms the power of removal in District Commanders, and repudiates the assertion that he disapproved the removal of Gov. Wells. He suggests conditions touching reconstruction and differing with the Attorney General.

Mr. Plumb of Legation for Mexico, to-day received his instructions from the State Department. He will represent the United States at the City of Mexico and will leave for there to-morrow. The recent commission to Ottenberg is cancelled.

The *Herald's* special says that General Grant has already made several changes in the War Office, assigning a number of Stanton's favorites to active duty.

St. Louis, Aug. 18.—Colonel Taylor, one of the Indian Commissioners, has gone to Washington on receipt of an important dispatch.

More Indian depredations are reported along the Union Pacific Railroad.

Judge Scott has written a card explaining his transactions with Conover and denying absolutely that he was ever connected with the alleged conspiracy.

The *World's* special says Gen Grant urged the President to dismiss the entire Cabinet. Grant is known to be particularly hostile to Seward, regarding him as too adroit and dangerous.

CHICAGO, Aug. 21.—The *Times'* special says: The President has sent an order to Grant directing him to relieve Sheridan and transfer Thomas to the vacancy. Until further orders Sheridan is assigned to the Department of Missouri and Kansas, and Hancock to the Department of Cumberland. Before issuing orders, Grant went to the President and advised with him not to withdraw Hancock from the Plains. The President acquiesced.

A rumor prevails and it is claimed that it originated with Cabinet Ministers to the effect that the entire Cabinet has tendered their resignations to enable the President to retain those members he desires. The rumor caused great excitement, but is promptly denied by authority.

The movement for McCulloch's removal comes from New York. The President has been strongly urged to request him to resign, but he authorizes the statement that there is no prospect of any change in the Cabinet.

Gen. Pope's Department.

AUGUSTA, GA., Aug 20.—Gen. Pope's recent orders and his letter to Grant have caused considerable feeling.

An omnibus containing fourteen passengers upset and precipitated the party down a railroad embankment thirty-five feet high. All the inmates were more or less injured.

Southern News.

NEW ORLEANS, Aug. 17.—Sheridan's election order was issued to-day. September 27 and 28 were appointed for the election. The convention consists of 98 members. Should violence or fraud occur at the election, offenders will be severely punished and the election will be held over again.

NASHVILLE, Aug. 17.—A split occurred in the Radical Convention to-day. Two candidates for Mayor were nominated.

Miscellaneous.

NEW YORK, Aug. 20.—Advices from Venezuela say the revolution has failed at all points.

A Buenos Ayres letter of June 28th says: Minister Asboth is dangerously sick.

WASHINGTON, Aug. 20.—The Turkish Minister will be presented to the President to-morrow. Col. H. Claywood is ordered to Sitka with Gen. Rousseau.

CHICAGO, Aug 21.—The *Times'* special says the chaos of the edicts order repealing Thomas to continue to execute all the orders he finds in force in the Fifth military district, unless authorized by the General commanding the army to annul or modify, was inserted by Grant without consulting the President. This makes much comment in political circles.

The Soldiers and Sailors Union of Washington voted down a resolution endorsing Grant's course in accepting charge of the War Department.

An official dispatch from Gen. Griffin says: The regulars have driven the Indians from Buffalo Springs, Texas, where they were gathered in considerable force, committing depredations.

The National Labor Congress adopted a permanent constitution yesterday. Several sets of resolutions were offered to the committee without action.

A destructive fire yesterday burned several fine residences on Michigan Avenue.

PHILADELPHIA, Aug. 18.—A large meeting of soldiers and sailors has been held here. Several speeches were made and resolutions adopted condemning the removal of Stanton and endorsing his official action, and expressing the hope that the President would pause before removing Hancock. Much enthusiasm prevailed.

St. Louis, Aug. 18.—Father De Smett, the Indian missionary who accompanied Gen. Sulley and Col. Harker up the Missouri, has returned. His reports that the commissioners met with a cordial reception from all the tribes as far north as the Yellowstone river, various chiefs expressing their willingness to go on reservations and maintain strict neutrality. About one hundred representatives of hostile tribes waited ten days to obtain an interview with Sulley and Harker, but their provisions were exhausted, which compelled them to return. De Smet baptised nine hundred children and a number of adults during his absence. De Smet's health would not allow his going out with the Indian Commissioners on the present journey up the river.

RICHMOND, Aug. 19.—The Council adopted a protest addressed to Schofield, against requiring the city to support negroes who arrived here since the surrender. An order suspending the issue of the Freedmen's Bureau rations, throws this class of negroes on the town for support.

NEW ORLEANS, Aug. 18.—At a pic-nic near Vicksburg, on Thursday, poison was put in the refreshments by persons unknown. Five whites and three blacks died. Several more are not expected to recover.

DETROIT, Aug. 18.—The Constitutional Convention has finally decided to submit the prohibitory liquor law and the clause prohibiting annual sessions of the Legislature separately to the vote of the people.

BUFFALO, Aug. 18.—In the regular race yesterday, Lady Queen, the California mare brought over by J. B. Gallagher, won three straight heats. In the second race Mountain Maid beat Patchen and Billy Lewis three straight heats.

MONTREAL, Aug. 20.—Middleton's coal store burned down last night. Six hundred thousand gallons of oil were consumed, making one of the most terrible conflagrations ever witnessed. Loss over $150,000.

DETROIT, Aug. 20.—The boiler of a shingle mill in Monticalm county, exploded on Wednesday, instantly killing two persons and scalding three others.

NASHVILLE, Aug. 20.—Wm. B. Campbell, late Congressman from this District, died of disease of the heart to-day.

CHICAGO, Aug. 20.—Two men named Gorham and Hughes quarreled over a glass of whisky in Lebanon, Kentucky, yesterday. Hughes was shot four times, and Gorham was stabbed in seven places. Both died.

PARIS, Aug. 18.—According to an invitation from the Emperor, McCormick's reaping machine gave a private exhibition at the imperial farm at Chalons. The trial was a complete success and gave much satisfaction to the Emperor, who immediately purchased the machines and expressed his intention to encourage the adoption of the invention throughout France, and would set the example by putting it in operation on all the imperial farms. Much flattering attention has been shown to no other foreign exhibitor, and it is considered certain that McCormick will be awarded the highest honors of the exposition.

This afternoon the Sovereigns made an excursion to the ancient Castle of Hugens on the Rhine above the city. This evening the Emperors and Royal Personages visited the theatre which is decorated with great splendor. The reception of the party was most enthusiastic. Since their arrival Napoleon has been treated with marked honor and consideration. It is understood that the visit will terminate on Friday.

He was met by Officers Key and Gallagher on Pacific street, yesterday, and handed over to the Sheriff of San Mateo county.

United States District Attorney Lee commenced suit in the name of the United States against the owners of the schooner *Sarah*, to recover $64 800 on a bond given for the exportation of the schooner's cargo out of the United States to the Amoor river, but which the plaintiff alleges was illegally and fraudulently relanded within the limits of this State. C. S. Lord entered the merchandise at the Custom House and Samuel Moore is the surety on bond.

Presley Higman, of this city, has made application under the new bankrupt law, to be discharged from his debts and liabilities, amounting to $50,745 32. Assets nothing.

Capt. Swann, his mate Hay, and the crew of the *Sarah*, have been admitted to bail at rates determined by U. S. Commissioner Whitney, on Saturday last, and are now at large. The efforts of the detectives have led to no further developements in relation to the vessel or her cargo.

AN IMMENSE MINE.—The Virginia City *Territorian* gives the following account of the Savage mine.

For the fiscal year ending June 1, 1867, there were mined 72,295 tons of ore, which averaged in value $41 94 per ton—making the product of bullion to reach the sum of $3,000,000. In 1866 the ore mined was less than half this amount; and the result, to Mr. Bonner, present Superintendent, is very flattering; for while the old management paid for mining and reduction $34 80 per ton, he has so improved matters that the cost has been reduced to about $22—making a net gain to the company yearly of about $900,000. The company furnishes profitable employment to at least 1,000 people, in the mine, mill and other places. The Savage is to day the largest and most profitable mine in the world; and, besides, there is enough known ore in sight to insure the same flattering success for a year to come as has been made in the year past.

The Galena mines in Jo Davies county, Illinois, are the most extensive in the United States. Up to 1867 they had produced 820,522,869 pounds, valued at $41,824,913. The lead is pure and generally free from other ores, though sometimes mixed with zinc blende and iron pyrites. The Missouri lead mines from 1840 to 1854 yielded 3,833,125 pounds. The ore is not so pure as the galena of Illinois, and is found associated with the sulphuret and silicate of zinc, pyritdus iron and copper, carbonate of copper, carbonate of lead, and black oxides of manganese and cobalt. The most productive mines are in Washington, St. Francois and Perry counties. The ores of Wisconsin and Iowa are very rich; are mined chiefly at Missouri Point and Shuddeburg. In 1856 the mines in those two States shipped 2,201 tons to Chicago, and 6,076 tons to St. Louis.

AN ESTABLISHED REMEDY.—"BROWN'S BRONCHIAL TROCHES" are widely known as an established remedy for *Coughs, Colds, Bronchitis, Hoarseness* and other troubles of the *Throat and Lungs*. Their good reputation and extensive use has brought out imitations, represented to be the same. OBTAIN ONLY "*Brown's Bronchial Troches*"

AN EXCELLENT ARTICLE.—Mrs. WINSLOW'S SOOTHING SYRUP is an excellent article for all diseases of children. It relieves the child from pain, regulates the stomach and bowels, and, by giving health to the child, comforts and rests the mother. During the process of teething its value is inestimable; cures wind colic and griping in the bowels. Hostetter, Smith & Dean, Agents for the Pacific Coast.

NEWS FOR THE LADIES.—Dry Goods, Fancy as well as Staple, Fine as well as Common, will shortly arrive and be for sale at extremely low figures at the Store of KOHN & FISHEL, No. 91 Front street, who will receive, in addition to their already extensive stock, a new invoice of Dry Goods, which they will offer at prices to induce Ladies to purchase of them.

A TERRIBLE SHOOTING AFFAIR.—At about quarter before three o'clock yesterday morning, a terrible shooting affair occurred in this city, which will probably result fatally to one of the parties and very seriously to another. The circumstances are substantially as follows: A man named Frank Miguel, who goes also by the nickname of "French Frank" and "Frank Duran," started from the Union Hotel, on the corner of Yamhill and First streets, having a dragoon revolver in his possession and which he had been flourishing around some, at an earlier hour. When about half way across to Morrison street he fired off his pistol, as is supposed, in the air. Deputy Marshal Thomas O'Connor and Officer Townsend, being together near Washington street, and hearing the report, started up Front and went as far as the What Cheer House, where Mr Lyon informed them that the firing was on First street. They then went up Morrison to First and just as they reached the corner of First, the man Miguel fired again, being then near the Postoffice. The two officers then started after him. The man turned down Stark street. The officers overtook him near the entrance to the Oro Fino Saloon. Mr. O'Connor a little in advance, approached the man on his right and spoke to him, when Miguel instantly presented his pistol to Mr. O'Connor's breast. The latter caught his hand, pressing it down. Almost at the same instant the man drew the trigger, firing the pistol and lodging a ball in the right thigh of Mr. O'connor, breaking the bone badly. Mr. O'Connor, of course, fell to the pavement. Just at the instant of the firing, officer Townsend caught Miguel by the opposite shoulder and whirled him around. Miguel and Mr. Townsend and threw him down, at the same time jumping upon him and seizing him by the throat. Miguel is a powerful man and was too much for Townsend. The latter finding himself unable to cope with Miguel and knowing that O'Connor had fallen when fired at, supposed that he himself would be murdered and resorted to the last expedient for self-preservation. Getting out his own pistol he fired at Miguel, but the shot had no apparent effect. Miguel still had him by the throat and was choking him so that he found he would soon be insensible. With some difficulty he cocked his pistol again and then attempted to hit Miguel on the head with it. Finding himself unable to accomplish this, Townsend reached his arm around and second time and fired at his head the ball taking effect just behind and below the left ear and coming out at the mouth, carrying away one front tooth. Miguel raised himself partly off of Townsend and fell over on the sidewalk. Townsend, then getting up, discovered that O'Connor was not killed, but that he was seriously wounded and unable to rise. O'Connor had held on to Miguel's pistol, and as he fell had wrenched it out of the latter's hand. This, however, Townsend was unaware of till he had freed himself of Miguel and had got up. Finding that Miguel did not move, Townsend immediately started for assistance, while O'Connor, raised on his elbow, kept Miguel covered by the pistol. Officer Brannan and others, who had heard the shooting, arrived at about this time and lent their assistance. Lt. Chapman, then Townsend had summoned, was on the ground in a moment, and did what could be done for the relief of Mr. O'Connor. Mr. Lyon, of the What Cheer house, having just hitched up his horse to the hotel baggage wagon, and having heard the shooting, drove down to the place. Mr. O'Connor was placed in this wagon and taken to the What Cheer house, where Dr. Chapman dressed his wound without delay. Miguel was able to set the fractured leg. Miguel was taken to the city jail, where his wounds were also attended to. In the morning Mr. O'Connor was taken to his residence and Miguel was conveyed to the Union Hotel. It was found that Townsend's first shot had taken effect in the left side, just above the pelvis, passing through to near the opposite side and lodging under the skin. The opinion of the physicians is that he cannot possibly recover, as the ball must have passed through portions of the intestines. The wound in the head was not necessarily a mortal one. Mr. O'Connor's wound is one of a serious character. The ball lodged somewhere in his leg. During the day both men were much easier than in the morning. In the forenoon Miguel vomited blood in considerable quantities. However the tragedy may result, to Mr. O'Connor, it is most unfortunate for him and his family, he being a poor man and dependant upon his salary for a living. Miguel was arrested in this city about six years ago for an attempt to shoot Officer Brannan, and again in May last for carrying a concealed weapon—a pistol, with which he was threatening to shoot Dan Bolin. *Later*—At twelve o'clock last night Mr. O'Connor was in a low condition and disposed to delirium. Miguel was still alive, but his physician thought it impossible for him to live till morning.

COUNCIL PROCEEDINGS.—The Common Council met last evening, His Honor, Mayor Chapman in the chair. Present—Councilman Besser, Burch, Fechheimer, Holbrook, Maltby, Porter, Ripley and Rosenblatt.

PETITIONS, RESIGNATIONS, ETC.

Referred to the Committee on Ways and Means.

Before any question had been taken on the report Mr. Ripley asked and obtained leave to withdraw it.

The Council adjourned.

BASE BALL.—The match game between the Pioneer and the Occidental B. B. Clubs, was played in this city yesterday, commencing at 11:10 A. M and closing at 3:19 P. M., in a victory for the Pioneers by 31 runs. The record of the game was furnished us, incomplete, at an hour so late that we were unable to get it set up, in addition to other pressing news matter. The following is the totals of the several innings:

	1	2	3	4	5	6	7	8	9	Total.
Pioneers	4	2	12	31	3	0	0	4	1	60
Occidentals	2	0	4	3	4	9	2	6	2	32

The Pioneers, 27 outs; Occidentals, 23 outs.

Of the time occupied in the game the clubs respectively held the innings as follows, in minutes:

	1	2	3	4	5	6	7	8	9	
Pioneers	11	6	18	39	20	4	16	7	5	1 31
Occidentals	12	4	5	10	7	16	12	9	10	86

Upon the conclusion of the game, the Occidentals returned immediately by the *Pinnie Troop* to Vancouver. The game was witnessed throughout by a great number of ladies and gentlemen.

FIREMAN'S PARADE.—The Annual Parade of the Portland Fire Department will take place on the first Monday of September. In the evening the usual Ball will be given. Last evening the Hook and Ladder Company and Columbian Engine Co., No. 1, voted to appear on parade and committees were appointed to make the necessary preparations on the part of those Companies. The committee on the part of the first named Company are Messrs. Thompson and Arnold; on the part of the Columbian Company named, Bellinger, Mills and Mulligan. We presume the other Companies will take action on the matter in good time. An invitation will be extended to the Fire Department of Vancouver to participate in the proceedings. The final arrangements on the two Companies above named will be completed on Saturday evening.

PERSONAL.—Lt. M Crawford arrived by the steamer last evening, on a visit to his family in this city. He will be welcomed warmly by his old friends. T. McF. Patton, acting State Treasurer, also, returned from a short visit to San Francisco, and gave us a brief call. He gives us very graphic pictures of the scenes in the political canvass in the Bay city, and expresses the belief that Gorham will be elected by a good majority.

FAREWELL BENEFIT TO SIGNOR BIANCHI.—As announced by advertisement yesterday morning, Signor Bianchi will take a Farewell Benefit at Oro Fino Hall, this evening, tendered him by the citizens of this city. Signor Bianchi in reply to the communication tendering him the benefit, announces that the troup will present Verdi's Grand Opera of Il Trovatore, of which he will sing in English. Mille Grisi, Prima Donna. The Opera Company will close with Verdi's Grand Trio, from Ernani.

Several parties engaged in the Hotel runners' fight of Monday last, have been brought up in courts of the county and their cases continued till to-day.

SUITS AGAINST CITY OFFICERS.—Upon the application of the City Attorney, yesterday, Judge Shattuck issued a writ of *mandamus*, commanding H. L. Hoyt to appear before him at one o'clock this afternoon and show cause why he does not or should not deliver up the books, papers, and other property of the city in his hands as Marshal of the city to his successor-elect, A Rosenheim.

A writ was also issued upon application of A Rosenheim, commanding J J Hoffman to appear and show cause why he refuses and fails to recognize A Rosenheim as the Marshal of the city of Portland. The hearing will be at the hour named in the writs. Stout and Hall appear for Mr Hoyt, and Mitchell for Mr. Hoffman.

RECORDER'S COURT.—There was rather a more lively time than usual, at the Recorder's morning levee yesterday. Chas Duty and Chas Koon were charged with disorderly conduct, by fighting. They each pleaded not guilty, averring that they were only "sky-larking." The case was continued till this morning.

Williams, for an assault and battery on Ah Jim, was sent to jail for five days.

Christian White (a negro, unlike a christian, had been smashing the window of a house on Second street, the night before, and being duly convicted was sentenced to five days in jail.

ANOTHER LODGE OF GOOD TEMPLARS.—A new Lodge of Good Templars was organized by Capt. E G Adams, on the 21st inst., consisting of ten charter members, at Columbia Academy, Cornelius' Plain, Washington county, Oregon. The name of the Lodge is "Invincible." The following is a list of the officers: James Emery, W C T; Isaac Wilson, W S and L D; Benjamin Cornelius, W F S; Miss Melissa Kreeman, W F; Charles Newell, W M; William Freeman, W L G; Albert Brownlee, W O G; Thomas Freeman, P W C T.

SALE OF ALE.—At the auction sale, yesterday, of ale seized by the Marshal for want of stamps and sold on account of the United States, by A J Richardson, the half barrel packages brought $10 50 each and barrel packages sold for $18 00 in legal tenders. The packages were a little inferior in appearance, and the price obtained may, therefore, be considered very fair.

ONE MORE ITEM ABOUT THAT METEOR.—The meteor of July 31st was seen in various places in Montana Territory and Nevada. Howe & Stevens employ some one hundred hands to keep up to orders.—Sold by Smith & Davis.

FIRST NATIONAL BANK OF IDAHO—BOISE CITY, I. T.—Organized March 11th, 1867, (with circulation) under Act of Congress, approved June 3d, 1864. Authorized capital $500,000. Paid up capital, $100,000. H. M DuBuil, President. C W Moore, Cashier. Collections of Notes and Accounts on the principal places in Idaho Territory promptly attended to. Exchange for Coin or Currency on this Bank can be purchased of Ladd & Tilton, Portland, Oregon.

PERFECTLY ENRAPTURING.—Such were our feelings as we stepped into the Music and Art Gallery of W. T. Shanahan, on First street, a few days since, and listened to the delightful tones and harmony which came from one of Mason & Hamlin's Cabinet Organs. From the soft breathing flute tones to the thundering bass of the pipe organ, all was equally free and sweet. And why is it other makers cannot produce instruments like these? Mason & Hamlin were the first to introduce the Cabinet Organ, and have gained such world-wide notoriety that it requires the work of two large factories to supply the demand for these valuable instruments.

PERRY DAVIS' PAIN KILLER.

Travelers are always liable to sudden attacks of dysentery and cholera morbus, and these occurring when absent from home are very unpleasant. PERRY DAVIS' VEGETABLE PAIN KILLER may always be relied upon in such cases. As soon as you feel the symptoms, take one teaspoonful in a gill of new milk and a quarter, and a gill of hot water. Stir well together and drink hot. Repeat the dose every hour until relieved. If the pains be severe, bathe the bowels and back with the medicine, clear.

Fishermen, so often exposed to hurts by having their skin pierced with fishbones and fins of fish, can be much relieved by bathing with a little Pain Killer as soon as the accident occurs; in this way the anguish is soon abated; bathe as often as once in five minutes, say three or four times, and you will seldom have any trouble. Sold by dealers everywhere.

MR. NASBY WANTS A NATIONAL CONVENTION OF THE DEMOCRACY.

POST OFFIS, CONFEDRIT X ROADS, (which is in the Stait uv Kentucky,) July 12, 1867.

In castin my eye carelessly over my politikle field, wich Seward and me do every sixty days, I think I kin spy into the horizon a bud wich is swellin into a must hopeful flower. It is spreadin itself into a hurricane, wich threatens to swoop away the fabric uv Ablishmism and purify the politikle atmosphere. The Radikle party have bin at last forced to adopt the legitimit cornin uv their sooicidle principels, nigger suffrage, and from that the Dimocriky, of they are wise, will snatch a triumph litrally from the jaws uv death We hev em now. In Ohio that question is to be voted onto this fall—in Noo York and Michigan it is rassin a breuse in thor Convenshens; and in Pennsylvany, Illinoy and Indiana it can't be long put off. It's bolt. The proud Caucashun wich votes the Dimocratic tikket hez no objeckshun to bein jossled by the nigger in the rush to pay taxes, but his hawty soul recoils at the idee uv bein elbowed by him at the polls. Besides, the Dimocratic voters don't want the ballot given to any other lower class. It wood make undoo competishen. We've got em. Wat the Demokriky want now is to so handle this dalikit subjeck as to make the most uv it.

The great trouble with the party is that there is no uniform style uv meetin this question. On the main question we are all agreed. We all oppose Nigger Suffrage. It's a part and parcel uv a Dimokrat's nacher to oppose nigger suffrage. The leaders uv the party opposed it at the beginnin, for seein how the ballot was abused by their followers they trembled for the Republic of it was entrusted to the hands uv any more uv equal capasity, and the masses uv the organization opposed givin it to the nigger, becos that one privilege and color was all that distinguished em. It is a peccoliarity uv unregenerated human nacher that it must allus bear down on somebody. The poet sez:

"Even the lice hev smaller ones to bite em,
And they still smaller ones, ad infinitum."

Fortunately the Dimocrasy hev the nigger for their smaller lice. The sturdy yeomanry felt it to be a soothing thing to find, wunst each year, that in wun thing at least he was superior to somebody, and so it will be so long as there is a Dimocrasy. The tree Dimokrat promotes his self, not by liftin hisself above the level onto wich he finds hisself, but by shovin some one down to a lower level, and ez there wunst anybody else on this Continent wich they cood git hold uv, the nigger, was, long ago, selected for that purpose.

The great trouble is we oppose nigger suffrage now from too many stand-pints. Some oppose it on the skore uv the inferiority uv the Afrikin, but that never was a popler idea with our people. They may have assented to it outwardly, but in their own minds they objected. "Ef," says a reasonable Dimokrat to hisself, "ef that's the rool, *rool in thunder is to become us me?*"

Likewise the idea uv ooltimcy, which others uv our apossels advance. "They cant read nor rite!" sarcasks a injoodishus cuss, spookin to an audience (wo thirds uv which go to him regiorly to feed their ballots to em, and who, when they sign promissory notes, put a X atween their first and last names).

Another speaker quotes Noah to em, and boldly asserts that the nigger is the descendant uv Ham, and that he is the identikle individjle which was cust by Noah, but he runs agin the fact that the rest uv em, which is in Afrika yet, hev managed to dodge the cuss, or they aint servin their white brethren, and them which was brt here to be sot submitted hev busted ther bonds, and are jest as free, so far ez servitood goes, ez anybody.

Hearin ez I hev showed, all these conflictin ideas that work agin us. Therefore, I want a Nashnell Convenshun. I want a convocashun uv the lights uv the party to set forth authoritatively wat we oppose nigger suffrage—to give a reason for it that all our people may set together, or do other well regulated machines. Let us cum together and publish our manifesto, that we may know wat to say to the partikler line uv argument to pursoo. I shel ax that Convenshun, and I hev made up my mind platform to lay down. I shel go back to first Hagar and Onesimus—I shel turn from the minority idea and take the broad ground that the nigger is a beast—that he ain't a man at all—and consekently he hez no more rites than any other animal. I put my foot onto him by authority of the decree that onto man is given dominion over the beasts—that we are men and they are beasts. If any admit the first proposishun they must admit the last. I shel assert boldly and broadly his identitis to mingle with us becos his flesh is like ours, his muscles, nerves, fibers, bein different, grow that he was uv a different origin and not a lower origin. I shel plant myself on the ascertained yet simple proposition that the Almighty made him, probably, but at a different time and for a different purpus, wich I shel show by eatin the color uv his skin, the length uv his foot, the shape uv his head, and sich other matters as I can get together in time for the Convenshun.

Of course this doctrine will meet with objections. We hev a few thin-skinned professors uv religion who see a very serious in our ranks hosn't quite obliterated it who will say that these dogmas undermine the Christian religion, as it destroys the doctrine uv the unity uv the races, onto which we hev long in bond. To this I shel answer that system it does not. Uv wat comparishon is any religion to with us? Dimocrat hez to a triumph ez a party? Wot hez Dimocriky to do with religion any how? It hez never permitted it to enter in its politix. Dimocrisy sleeves in keepin church and State ez far apart ez possible.

Still if the Ablishnists pint to niggers wich read and write, I shood say to wunst that there is a different degree uv instinkt—that ez one dog hez more instinkt than another, so one nigger hez more than another, and then I shood wind this answer up by askin him, "Sir, wood you force your daughter to marry a nigger, even of he cood read and write?" This hez allus done service, particularly of you walk hurriedly away before there is time for an answer.

There is one pint wich is a stumper, but only see one man to whom I unfolded this theory asked me sneeringly wat I was a goin to do with a mulatter who was half white and half black—half man and half beast—half instinkt wich dies with him, and half sole wich was to be saved and fitted for the skies or lost. When a mulatter dies wat then? Does the half sole of the half man drag the instinkt uv the beast behind it in a limpin, lopsided fashion into heaven, or does the instinkt drag the sole into limbo for animals? "Ef this latter idea be correct," sed he, "in that limbo how much Southern sole is floatin about, held in solution in animal instinkt!"

An old friel uv mine in Kentucky become indignant wen I propounded the beast theory to him and he threatened me with corporeal punishment if I didn't quit his presence, wich I did to wunst. Alas for the imprudence of zealous men! Before speakin to him on the subjeck I didn't nurse the skores uv brite yeller children all about the place, rangin from the infant uv six months to the boy uv sixteen, and all uv em with his nose!

But notwithstanding these drawbacks, it's the most healthy doctrine we've got and the only ground upon which we kin stand sekoorly. It divers the ground and besides it don't interfere with anybody else's idea. The orators wich implore the people of they want to marry niggers, kin make the appeal with more force after ascertainin that the niger is a beast, and the sustent virgins, who will this Fall proudly bear the banners onto which will be inscribed, "We want no niggers for husbands," will bear em still more definitely; for, if they realy bleeve the doctrine, they will be in earnest about it.

At all evence let the Convenshun be called, that this question may be settled. Let us all stand on one platform, that we may make the most of this godsend. Let us inscribe onto our banner the inskripchun: "Ameriky for white men!" "Eternal hostility to Animal Suffrage!" and go in and win. Ef the Amerikan people don't shy at Nigger Suffrage now they never will.

PROFESSOR ANTHON.—Charles Anthon, Professor of Languages in Columbia College, New York, died in that city a few days since, at the age of seventy years. His father was a German, a Surgeon General in the British army, but settled in New York about 1788. His son Charles studied for the bar, but gave much attention to classics and soon became a linguist, so that at the age of twenty-three he became Adjunct Professor of Languages in the Columbia College, where he studied. In 1830 he became Rector of the Grammar School there, and in 1835 became the head of the classical department of the institution. He is the author of Anthon's Classical Dictionary, and some fifty volumes, chiefly of editions of the Latin classics. His works have often been republished in England, and are extensively used in her schools.

The parting between the Emperors of Russia and France is said to have been most affecting. It was not a cold and formal hand-shaking, but two hearty, brotherly hugs, for on the continent, bearded men hug and kiss each other like girls. "Justice and Peace have kissed each other." The bullet aimed at the life of the Czar scattered the same blood over them both.

Mrs. Elizabeth Lockman died at Bethel, Pa., a few days ago, at the age of 105 years. She was a middle-aged woman during the Presidency of Washington.

The American colonists in Venezuela have selected for settlement a choice spot, three hundred miles up the Orinoco river, and expect to engage in the culture of sugar. They have been hospitably treated.

A dying West India planter groaned out to his favorite negro servant, "Ah, Sambo, I'm going on a very long journey!" "Never mind, massa," said the negro, consolingly, "him all down hill."

"I say, Pat, if I place my money in the bank to-day, how soon can I draw it out again?" "Oh," responded Pat, "sure an' if you put it in to-day you can get it out to morrow by giving a fortnight's notice."

"I will not strike thee, bad man," said a Quaker one day, "but I will lot this billet of wood fall on thee!"—and at that precise moment the "bad man" was floored by the weight of the walking stick the Quaker was known to carry.

Birth cards are now issued in Paris circles after the following style: "Monsieur de X——has the honor to inform you of his birth, which took place day before yesterday. He and his mother are as well as could be expected."

"Where was John Rogers burned to death?" said the teacher in a commanding voice. "Joshua knows," said a little girl at the foot of the class. "Well," said the teacher, "if Joshua knows he may tell." "In the fire," said Joshua, looking very grave and wise.

A young man in Miami, was recently married to a woman of violent temper. Upon retiring for the night a dispute arose in regard to the sides of the bed each should occupy, when the lady settled the question by seizing a boot and pounding the bridegroom unmercifully. He has applied for a divorce.

An Eastern paper has the following: "Why is a woman's tongue like a planet? Because nothing short of the power that created it can stop its regular course." The man who perpetrated the above has left for the East. He was pursued by forty women, and forty broomsticks were picked up in the harbor after the vessel had left.

THE NEW MARYLAND MILITIA.—We clip the following from the Washington *Chronicle*:

We learn that Mr. James Cooper, who served in the rebel army during the entire war, has been commissioned by Gov. Swann as a Brigadier-General of the new Maryland militia now being rapidly organized and equipped; also that Col. J. C. Herbert, who commanded the First Maryland rebel Regiment, and was wounded at Gettysburg, has a full regiment of returned Confederate soldiers in the new military service of Maryland, styled the "Maryland Guard," and that they have adopted the rebel gray uniform. The State authorities have purchased the guns for them.

THE MOST REMARKABLE DISCOVERY EVER MADE!

Will Cure All Pains in a Few Minutes!

Read the Certificates:

RHEUMATISM CURED!

PORTLAND, August 10th, 1867

I HAVE SUFFERED A LONG TIME WITH RHEUMATIC Pains, and until now have found nothing to relieve me To-day Mr J G Rennick called at my store and assured me that he could cure me in a few minutes. I thought he was mistaken, and laughed at him; but I had to my surprise that a few minutes after the application of the SITKA LINIMENT, I was relieved of my pains, and I am now improving very fast. I now believe it will cure me in a few days For further information call at my store, No. 182 First street

SPRAINED WRIST CURED.

PORTLAND, August 10, 1867.

I was at Mr Wegner's store on Saturday, August 10th, and seeing the magic effect of J G RENNICK'S SITKA LINIMENT, in his case, concluded to try it on my wrist which has been sprained for some time I found relief inside of FIVE MINUTES from its application, and it is now perfectly well My wrist was so swelled I could not shut my fingers I believe it will cure any pain in a short time I will give any further particulars to whoever calls on me.

Tumor Removed!

PORTLAND, August 10th, 1867.

I HAVE USED RENNICK'S SITKA LINIMENT for pain and swelling of the gum and cheek. I had a large tumor forming on the gum which arose from killing the nerve in my tooth and caused me a dreadful pain which prevented me from sleep for several nights I applied the Liniment, and to my surprise, it removed the lump and eased the pain so that it is now as well as the other cheek My cheek was fearfully swollen. This was done in the presence of two witnesses.

I was present and know the above to be true, and am willing to swear to it

PORTLAND, August 12th, 1867.

For five years I have suffered with a pain or weakness in my back, which at times was dreadful I often thought I could not bear such torment. But I got a bottle of RENNICK'S SITKA LINIMENT, and with one rub it perfectly cured me I can recommend it to any lady suffering from pains in any way, for I am convinced it will at once remove them.
